

SWING UNMASKED DATA CD

On the CD you will find details of all the instances classed as Swing Protest identified by the research team, making this a unique collection of information connected with period. Details of 1672 identified offenders, 1849 victims and a total of 3318 individual instances of swing protest can be browsed. In over three thousand recorded instances, name searches can be made of the offenders and victims as well as a free text search relating to types of offences, parishes where the offence took place and where the instance was recorded. In some cases the occupation of the victim is also available.

The CD ROM is compatible with a PC using either Microsoft Windows™ 98SE and above or Linux and also MAC OS. Adobe Acrobat Reader is required to browse the CD ROM and a free copy of Adobe Reader™ versions 6 and 7 for Windows is included on the CD ROM. MAC users have Adobe Reader™ version 7 for MAC provided on the CD-ROM

The CD can be purchased separately to Swing Unmasked, though the CD makes an excellent companion to the book.
